

Felicity Essien

Web designer and developer

Calabar 540

felicityabel2016@gmail.com

09063843098

I am a Frontend developer passionate about building Web Sites and Web Apps that meets the Web standards. I've built Web presence for individuals, schools and businesses.

Looking up to working with Startups and Companies.

I'm always ready to learn and explore new technologies that will help me grow.

Willing to relocate: Anywhere

Work Experience

Breaking bad casts web app

Side project - Uyo

March 2021 to March 2021

I built a simple web app with react and next js for the breaking bad series where certain information about the characters can be accessed.

I consumed data from the api of the series base url.

Here's the link to the project

breaking-bad-casts.vercel.app

Web developer

real-estate-app-nine.vercel.app - Calabar

March 2021 to March 2021

I built a website to search for houses when one is in need of relocating. It was a side project

Here's the link to the website

real-estate-app-nine.vercel.app

Freelancer on SEO

Currentng.com - Uyo, Nigeria

February 2021 to March 2021

I worked on the search engine optimization of a blog. Currentng.com.

And there was a development in the ranking of the website

web development tutor

Taquatech limited. - Uyo, Nigeria

January 2020 to September 2020

I tutored students on front end web development. Html, css, Javascript, react and nextjs were the courses I took.

Major accomplishments was that students increased because I introduced react and next js to the stack..

Education

Undergraduate in Home Economics

University of Uyo - Uyo, Nigeria

December 2015 to March 2020
